

About us

Mana Immigration is a Canada based company operating legally under the auspices of the Immigration Consultants of Canada Regulatory Council in the field of visa, education, and immigration services.

Iman Moayedi, a legal immigration advisor for Canada-related cases with over 16 years of experience in this field, manages our company. His experience as a successful manager of businesses related to immigration and education has led to the formation of a network of reliable and professional experts in various parts of Mana Immigration Company.

Our more than 20 immigration consultants and lawyers around the world will help you realize your dream of immigrating to a beautiful and prosperous country with friendly people. Mana Immigration is headquartered in Toronto, Canada. Because of this, our consulting is based on the realities of the society in which we live; they are fact-based.

We also have offices in Iran, the United Arab Emirates and Malaysia, which provide services to clients and act as our support centers. Regional offices allow our clients to provide the required documents directly to our experts.

The federal government of Canada and the provincial governments of this country are updating their programs regularly to pave the way for successful immigration programs for the Canadian government and the immigrants themselves.

We act as your eyes and ears in this process and monitor all the necessary changes.
